HARD HAT MACK®

BY MICHAEL ABBOT AND MATTHEW ALEXANDER

All you have to do is finish the building. Sounds easy? Then you're forgetting about certain government regulations, the neighbourhood punks, and the fact that falling bodies (including your own) accelerate at the rate of 32 feet per second/per second. It's a tough life, maybe. But it makes your beer taste better.

THE CAST

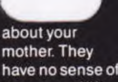

MACK

A bona fide Working Class Hero. Puts John Henry to shame. Reads Eric Hoffer. Fueled by cupcakes and an unshakeable belief in the work ethic.

VANDALS

Extremely unpleasant. They think you're spoiling their neighbourhood. They say things

about your mother. They have no sense of the value of life, especially yours.

OSHA

Crew-cut, clip-board and absolutely no sense of humour. Living proof of the banality of evil. The government sends a generous supply of these guys to cite you into oblivion.
